John B. Gough.
Next Monday evening, the 18th, this
favorite orator will lecture at Hewitt
Hall. Mr. Gough never fails of a full
House, and he never fails to please and
electrify his audience. The subject of
the lecture is "Curiosity," and if we
may judge by the New York Press it
carried the lecture loving citizens of
that city by storm. An hour spent
with Gough is a rare treat, one we love
to look back upon in the future. We
never regret our money. Our diges-
tion is better for a month. Our child-
ren 8 and 10 years old heard him a
year since. For six months they were
imitating Gough and repeating his an-
ecdotes, and coming lecture is their
almost constant theme of conversation.
Let the old and young. Those who
love good moral instruction, the higher
flights of eloquence and love to laugh,
come and hear this inimitable orator.

Trade in Ypsilanti.
Our farmers have been busy doing their
fall work and yet our streets have been well
filled and trade active. A great deal of pro-
duce being brought in to market and brings
good prices. The dry goods trade is active.
Enter the stores of Williams—Dwelle Noble
& Robbins—Post & Co.—Henderson & Glo-
ver—Hesslein & Co. we see no lack of custom-
ers. Enter the Groceries of Back & Homer
—Stebbins & Durand—Platts—Footes—and
the new firm of Brooks & Mills, we find them
well patronized. And we see from the cus-
tomers at the Counters of E. G. Boyce & Co.
Otto—and the new firm of Woodford & Van-
Dorn that people are bound not to go bare-
foot. People must keep warm, cook, build,
and they find McCormick Wallace & Hart,
Housekeepers Emporium a most excellent
place to make their purchases and while the
world stands the women must adorn their
parlors, and new housekeepers must have an
out-fit. In the line of cabinet ware they dis-
cover that in all the State of Michigan they
cannot do better than at Coons & the new
firm of McAndrew & Clark. Public health
is fair and yet Dinick & Lay—and Kings-
bury keep on selling in their line. Paints
and oils, and all building materials can be
obtained at Edwards & Cooper's. We still
reiterate to people in distant towns Ypsilanti
is a good place to trade. Come and see. Try
our merchants, our grocers, our hard and
cabinet workmen and compare notes with
other places.

**Lecture Before the Young Men's Socie-
ty.**
There will be a lecture before the Young
Men's Society of this city by Miss Clara Bar-
ton, Wednesday evening Dec. 5th. She has
a fine reputation as a speaker and no doubt
there will be a generous attendance not only
to hear the orator, but to advance the in-
terests of a Society that ought to receive the
unanimous support of our citizens.

New Firms.
Mr. Scott has sold out his interest in the
grocery business, to L. W. Mills. The firm is
now Brooks & Mills. Mr. Brooks has been
long known to the business public. Mr. Mills
is a young man, and has commended himself
to the public as an efficient clerk in the Post
Office and also in the store of Bickford & Cam-
pione. Active, industrious and honest, he is quite
an acquisition to the firm.
We are sorry to bid good bye to Capt. Stan-
way, of the firm of McAndrew & Stanway.—
The captain designs to make his new home in
Michigan. He will make a good citizen. Mr.
Clark will make an active partner, so that
the firm will lose nothing of its well known re-
putation and character.

Elocutionary Entertainment.
Mr. N. B. Chrysler who is advertised to
give an entertainment in popular readings at
Hewitt Hall to-night, is favorably known by
some of our citizens, comes with good recom-
mendations from the press at various points.
The Syracuse Daily Journal where Mr. C.
formerly lived speaks of him thus:
"Prof. Chrysler is well known to one of the
best Elocutionists in this State and what-
ever he takes hold of the public may be assured
will be well done. The recitations rendered
by him were given in an able manner show-
ing him to be a master of the art."

The above is sufficient to give our citizens
to understand that the entertainment will be
of the first order, and we hope the Hall will
be well filled. Mr. Chrysler is opening classes
in the Schools in town and all desirous of
taking lessons either in classes or in private
will have an opportunity of doing so. Mr.
C. may be seen at his rooms at Mr. Baldman's
on Washington St.

Sorghum.
E. Cotton & Bro. are manufacturing a super-
ior article. We were there the other day, and
for the first time watched the *modus operandi*
of making molasses. They have a nice article
for sale at \$1 per gallon. Next year they in-
tend to enlarge their machinery. Our farmers
will do well to remember, and make correspon-
dence.

S. M. Loveridge.
Mr. Loveridge recently sold his fine resi-
dence on Huron St. to J. S. Jenness, for \$3000.
Community will be sorry to learn that Mr. L.
is about to move to Pittsburgh, Pa. He has
been a resident of this city about 25 years—
first a clerk in a Dry Goods store, then in the
grocery business on his own account, and
soon after changed to dry goods. About 13
years since he became interested in Life Insur-
ance, and took the agency of the American
Temperance Co. He left this company to en-
ter upon the general agency of the "Mutual
Benefit." He has gained the enviable reputa-
tion of being the most successful agent in the
Northwest if not in the entire country. Tired
of being absent from home, he has entered
upon a local agency, while attending to the
general affairs of the company. Mr. Lover-
idge has been an active member of society.—
A useful member of the Baptist Church, and
he will be missed in the Sabbath School. In
benevolent contributions, and other respects,
He will continue to rent the pew his family
have occupied, for the benefit of the stranger
who may visit the sanctuary. We wish him
success in his new home.

Splendid Oysters.
The Best Oysters we ever ate—large fat fel-
lows—came from Geo. Collins at the Bankrupt
Store, one door east of Klocks' corner. He is
in receipt of fresh oysters every day from Bal-
timore and attests that they defy competition.

Spencerian Penmanship.
Classes in penmanship will be taught in the
Union School building by Tracy Barnum, Pro-
fessor of Penmanship in Ann Arbor Business
College. Special attention paid to those desir-
ing to become teachers. Classes will com-
mence Wednesday evening, October 21st. Call
at the Post Office and examine specimens.

It is universally admitted that Woodford
& VanDorn have the best assortment of
Fall Boots and shoes in the city, it will pay
to call there before buying, 2d door north of
the Postoffice Huron St.

CHOLERA, CHOLERA!

IT IS COMING! All should be prepared to
ward it off, not only by the adoption of pre-
ventive means, but by having at hand some
effective remedy for ready use when the dread-
ful disease appears. It is the opinion of emi-
nent physicians that most cases of cholera can
be readily cured if a proper remedy is used
early. Such a remedy we now offer to the
public in the form of Dr. J. R. MILLER'S
Universal Mucilage Balm
with the fullest confidence in its remedial qual-
ities as a PREVENTIVE and CURE for CHOLE-
RA. It has been thoroughly tested, and we
speak advisedly when we commend it to the pub-
lic as the best known remedy for CHOLERA
AND BOWEL COMPLAINTS. D. RANSOM

REASONS WHY
The AMERICAN WATCH, made at Wain-
ham, Mass. is the best.—
It is made on the best principle. Its frame
is composed of solid plates. No jar can inter-
fere with the harmony of its working and no
sudden shock can damage its machinery.
Every piece is made and finished by machinery
(itself famous for its novelty, as well as for
its effectiveness) and is therefore properly
made.
At the beginning of our enterprise, more than
ten years ago, it was our first object to make
thoroughly good low priced watches for the
million, to take the place of the cheap foreign im-
positions—the refuse of foreign factories—
which are entirely unsalable at home and
perilously worthless everywhere.
How well we have accomplished this may be
understood from the fact, that after more
than many years of public trial, we now make
more than half of all the watches sold in the
United States, and that no others have given
such universal satisfaction. While this de-
partment of our business is continued with in-
creased facilities for perfect work, we are at
present engaged in the manufacture of watch-
es of the very highest grade known to chronom-
etry, unequalled by anything hitherto
made by ourselves, and unsurpassed by any-
thing made in the world. For this purpose
we have the amplest facilities. We have erect-
ed an addition to our main buildings express-
ly for this branch of our business, and have
filled it with the best workmen in our service.
New machines and appliances have been con-
structed, which perform their work with con-
summate delicacy and exactness. The choic-
est and most approved materials only are
used, and we challenge comparison between
this grade of our work and the finest import-
ed chronometers. We do not pretend to sell
our watches for less money than the foreign watch-
es, but we do assert without fear of contradic-
tion that for the same money our product is
far more valuable. All our watches, of
whatever grade, are fully warranted, and his
warranty is good at all times against us or
agents in all parts of the world.
Caution.—The public are cautioned to buy
only of respectable dealers. All persons sell-
ing counterfeits will be prosecuted.

BLACK AS A CROW,
a few years since, was a manly, splendid head
that is now grey or grizzled. Why not restore
to the yet unworkful brow its raven tresses?
Five minutes effects the "splendid transforma-
tion." In less time than rifleman would take to
load and fire three times, the greyest head may
be made darker than the raven's wing. No
matter of what undesirable the hair or
whiskers or beard may be, the change to a su-
perb and perfectly natural black or brown is
accomplished by one application of CHRISTA-
DORO'S HAIR DYE without staining or injur-
ing the flaments. Manufactured by J. Chris-
tadoro, 6 Astor House, New York. Sold by
all Druggists. Applied by all Hair Dressers.

ERRO S OF YOUTH.

A Gentleman who suffered for years from
Nervous Debility, premature decay and all the
effects of youthful indiscretion, will for the
sake of suffering humanity send free to all who
need it the recipe and directions for making
the simple remedy by which he was cured.—
Sufferers wishing to profit by the advertiser's
experience can buy so by addressing

TO CONSUMPTIVES.
The advertiser, having been restored to health
in a few weeks by a very simple remedy, after
having suffered for years with a severe lung af-
fection and that dread disease consumption—
is anxious to make known to his fellow suffer-
ers the means of cure.
To all who desire it he will send a copy of
the prescription used, free of charge, with di-
rections for preparing and using the same,
which they will find a sure cure for Consump-
tion, Asthma, Bronchitis, Coughs, colds and all
throat and lung affections. The only object of
the advertiser in sending the prescription is to
benefit the afflicted and spread information
which he conceives to be invaluable, and he
hopes every sufferer will try his remedy, as it
will cost them nothing, and may prove a bless-
ing.
Parties wishing the prescription free by re-
turn mail, will address

**THE AMERICAN JEWELERS' ASSOCI-
ATION** has your attention to the fact of
its being the largest and most popular Jewe-
lry Association in the United States.
The sudden stagnation of the trade in Jewe-
lry owing to the late German War and recent dis-
astrous financial crisis has caused the failure
of a large number of Jewelry houses in London
and Paris, obliging them to sell their goods at
a great loss. The place of these houses is now
filled by the Association. We have
one third the cost of Manufacturing. We have
late purchased very largely of these Bank-
rupt goods at such exorbitant low prices that
we can afford to send you *Finer Goods* and
also better chances to draw the most valuable
pieces than any other establishment doing
a similar business.

Our patrons are desired to send United States
Currency when it is convenient.

MEDICAL.

GOOD NEWS AT LAST!

LET THE AFFLICTED READ!

And learn that a perfect and radical cure is warranted and guaranteed to all who are afflicted with weakness, debility, nervous complaints, indigestion, loss of sleep, loss of memory, loss of energy and muscular power, young growth, wasting away, and a want of confidence in themselves, fainting fits, convulsive tremblings, impotence and discharges of urine.

HEAR WHAT THE MEDICAL PRESS SAYS.

Some physicians require to be told the nature of your disease—the English Botanic Physician does not. His perfect knowledge of the human system enables him to detect the disease without any information from the patient, to explain its origin, cause, and to guarantee its cure. And, what is more valuable still, he will honestly and frankly tell whether you can be cured or not. This will satisfy your mind, and save you expense, time, trouble, and disappointment. It will be the means of saving you many a dollar, it will save your health, and, what is better than all, it will save your life from being shortened by wrong treatment.

His examinations are made without any information from the patient; therefore he thoroughly understands their physical condition and the progress of the disease, without having to have performed so many astonishing cures. It should be remembered that this Botanic Physician performs cures thought impossible. If you have tried others and got no relief, if you wish to try good health and long life, you are wise, you are prudent, and you are fortunate. The Botanic Physician will consult DR. RAPHAEL, the Botanic Physician. All his communications and interviews are strictly private and confidential. — Medical Journal.

FACTS ARE STUBBORN THINGS!

Hear what the Philadelphia correspondent says in the Commonwealth, Wilmington, Delaware, 24th of April, 1866:

"An English gentleman, formerly connected with the British Army, and who styles himself the 'English Botanic Physician,' has of late gained an extensive reputation here by his skill in curing all manner of diseases. Some of his patients I have conversed with, and they pronounce his remedies and mode of treatment as very superior. Some have been restored as if by magic. The medicine he used is distilled by himself from various herbs possessing rare curative properties."

"While acting in the army he devoted his leisure moments to a thorough study of the effects produced by certain medicinal roots and herbs on all manner of diseases. It seems he has found a sure and speedy remedy for all the 'ills that flesh is heir to.' His practice is extremely extensive, and is daily increasing. In the complaints to which females are subjected he has no equal, as a large number have testified that they owe not only their present good health, but their lives, to the skill of this English Botanic Physician."

Patented May 29th, 1866.

This is an article for washing without rubbing, except in very dirty places, which require a very slight rub, and unlike other preparations offered for a like purpose, will not rot the clothes, but will leave them much whiter than ordinary methods without the usual wear and tear.

It removes grease spots as if by magic, and softens the dirt by soaking, so that rinsing will in ordinary case entirely remove it; it saves all the expense of soap used on cotton and linen goods; it saves most of the labor of rubbing and wear and tear.

Directions with each package.

It can be readily appreciated by a single trial. The cost of washing for a family of five or six persons will not exceed THREE CENTS!

DIABETES, STONE IN THE BLADDER, CALCULUS, GRAVEL, BRICK DUST DEPOSIT, AND MUCOUS OR MILKY DISCHARGES AFTER URINATING.

IRRITATION OF THE NECK OF THE BLADDER, INFLAMMATION OF THE KIDNEYS, CATARRH OF THE BLADDER, STRANGURY AND BURNING, OR PAINFUL URINATING.

For these diseases it is truly a sovereign remedy, and no medicine can be said to be in its place. A single dose has been known to relieve the most urgent symptoms.

Are you troubled with that distressing pain in the small of the back and through the hips? A teaspoonful a day of the Constitution Water will relieve you like magic.

PHYSICIANS

Have long since given up the use of opium, calomel and jalap in the treatment of these diseases, and only use them for the want of a better remedy.

CONSTITUTION WATER

Has proved itself equal to the task that has devolved upon it.

DIURETICS

Irritate and clog the kidneys, and by constant use soon lead to chronic degeneration and confirmed disease.

We present the Constitution Water to the public with the conviction that it has no equal in relieving the class of diseases for which it has been found so eminently successful for curing; and we trust that we shall be rewarded for our efforts in placing so valuable a remedy in a form to meet the requirements of patient and physician.

DR. GREGG.

Dear Sir—I wish to inform you that I have been under the treatment of some of our best physicians for nearly two years, without receiving any benefit. I had lost all confidence, and I indulged in but little hope of a cure from any source. My disease was Dropsy, and my physicians told me that there was no cure for me. I was in some fifty times, and in the different operations about 1200 pounds of water was removed.

I am happy to inform you that I have been completely restored to health by the use of Constitution Water.

I make this statement hoping it may reach those persons who may be similarly afflicted.

Respectfully,

Mrs. MARGILL C. LEVAY.

IN DYSENTERY, OR PAINFUL MENSTRUATION, AND MENORRHAGIA, OR PROFUSE FLOWING.

Both diseases arising from a faulty secretion of the menstrual fluid—in one case being too little and accompanied by severe pain, and the other a too profuse secretion, which will be speedily cured by the Constitution Water.

This disease known as FALLING OF THE WOMB, which is the result of a relaxation of the ligaments of that organ, and is known by a sense of heaviness and dragging pains in the back and sides, and at times accompanied by slurring, laceration, or shooting pains through the parts, will, in all cases, be removed by the medicine.

There is another class of symptoms arising from IRITATION OF THE WOMB, which physicians call NERVOUSNESS, which word covers up much ignorance, and in some cases even of all physicians do not really know whether the symptoms are the disease, or the disease the symptoms. We can only enunciate them here. I speak more particularly of Cold Feet, Palpitation of the Heart, Impaired Memory, Wakefulness, Flashes of Heat, Languor, Lassitude, and Dimness of Vision.

DANVILLE, Pa., June, 1862.—Dr. William H. Gregg.—Dear Sir—In February, 1861, I was afflicted with sugar diabetes, and for five months I passed more than two gallons of water in twenty-four hours. I was obliged to get up as often as ten or twelve times during the night, and in five months lost about fifty pounds in weight. During the month of July, 1861, I procured two bottles of Constitution Water, and in two days after using it I experienced relief, and after taking two bottles I was entirely cured, soon after gaining my usual good health.

Yours truly,

J. V. L. DE WITT.

BOSTON CORNERS, N. Y., Dec. 27, 1861.—Wm. H. Gregg & Co.—Gents:—I freely give you my liberty to take use of the following certificate of the value of Constitution Water, which I can recommend in the highest manner—My wife was attacked with pain in the shoulders, whole length of the back, and in her limbs, with palpitation of the heart and irritation of the bladder. I called a physician, who attended her about three months, when he left her worse than she had found her. I then employed one of the best physicians I could find, who attended her for about nine months, and while she was under his care she did not suffer quite as much pain. He finally gave her up, and said "her case was incurable." For I said, "she has such a combination of complaints that medicine given for one operation against some other of her ailments." About this time she commenced the use of Constitution Water, and so to have the desired effect, almost the first dose seemed to have the desired effect, and she kept on improving rapidly under its treatment, and now superintends entirely her domestic affairs. She has not taken any of the Constitution Water for about four weeks, and we are happy to say that it has produced a permanent cure.

W. M. VAN DERSCHEUTEN.

WEATHERFIELD, Conn., March 2, 1863.—Dr. W. H. Gregg.—Dear Sir—Having seen your advertisement of "Constitution Water," recommended for inflammation of the Kidneys and Irritation of the Bladder, having suffered for the last two years, and tried the skill of a number of physicians with only temporary relief, I was induced to try your medicine. I procured one bottle of your agents at Hartford, Messrs. Lee, Sisson & Co., and when I had tried half of it, to my surprise, I found a great change in my health. I have used two bottles of it, and now I am expected to be in my life, and in good spirits. I cannot express my gratitude for it; I feel that it is all and more than you recommended to be. May the blessing of God ever attend you in your labors of love.

Yours truly,

LEONARD S. BIGLOW.
